Section B Local Agency Staffing

WIC Program Director/Manager

Each local agency shall designate a WIC Program Director/Manager (Director) who has previous WIC and /or community health experience.

In lieu of a Registered Dietitian and with prior approval from the State, the Local Agency shall designate a Director with a minimum of an undergraduate degree, from an accredited institution in nutrition (community nutrition, public health nutrition, nutrition education, human nutrition or nutrition science) or a related field such as home economics or biochemistry with an emphasis in nutritional science.

If the Director will certify potential WIC clients, or provide highrisk counseling and/or formula authorization to WIC participants, then the Director must be a Registered Dietitian.

When the WIC Program Director/Manager is not a Registered Dietitian the local agency will hire a Registered Dietitian to perform high-risk counseling.

Note: Previous WIC and/or community health experience, and/or a Master's degree in a related subject are desirable.

Registered Dietitian

Each Local Agency shall provide a Registered Dietitian as a WIC Nutritionist, to perform high-risk counseling, formula authorization, and, as necessary, certification of clients. The Local Agency will provide the services of WIC Nutritionists in the number proportional to the agency's needs/caseload.

When circumstances preclude the hiring of a Registered Dietitian, such as a small agency located in a rural area, the local agency must obtain prior approval from the State before designating a WIC Nutritionist to perform high-risk counseling. The WIC nutritionist will have a minimum of an undergraduate degree, from an accredited institution, in nutrition (community nutrition, public health nutrition, nutrition education, human nutrition or nutrition science) or a related field such as home economics or biochemistry with an emphasis in nutritional science.

Note: Previous WIC and/or community health experience, and/or a Master's degree in a related subject are desirable.

Note: Previous nutrition or health related job experience is desirable.

Clerks

At the option of the Local Agency, clerks will perform administrative support within WIC clinics. Such individuals will have the minimum of a high school degree or equivalent.

Note: Previous clerical or work experience is desirable.

Section C Workplace Mandates

No Smoking Policy

State and Local Agencies will establish mandatory no smoking policies in each WIC clinic pursuant to the Federal Fiscal Year (FFY) 1994 Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act (Public Law 103-111).

Drug-Free Workplace

State and Local Agencies will adhere to the rules and policies established pursuant to federal drug-free workplace mandates. 5 U.S.C. § 7301, 41 U.S.C. § 701, and Presidential Executive Order No. 12564.

ORIGINAL: MARCH 1997

Section D Conflict Of Interest

Policy

Arizona Department of Health Services and the local agencies shall ensure that no conflict of interest exists between any WIC agency personnel and participants and/or food vendor(s) within their respective jurisdiction.

Local Agency Conflict of Interest Policy must be forwarded to the Arizona WIC for approval. When changes are made to the LA Policy, the changes must be forwarded for approval.

WIC Directors shall review their conflict of interest policy annually and ensure that all employees know the policy.

All WIC personnel (State and Local Agency) must sign a conflict of interest form upon hire and annually thereafter. It is the employee's responsibility to keep the forms updated each time a major change occurs in their personal affairs or official duties for any and all real, perceived, or potential conflicts of interest.

Each LA shall maintain a file of signed and dated conflict of interest forms that will be subject to examination at Management Evaluation visits.

WIC employees shall not engage in any activities which create a conflict of interest between the employees' assigned functions and any other interests or obligations or those of immediate family members or business associates.

WIC employees shall not engage in activities which violate federal or state laws, WIC Policies, or which, in any way, diminish the integrity, efficiency, or quality of the WIC Program.

WIC employees shall not perform their official duties in a manner that would result in preferential or discriminatory treatment to any person or vendor.

WIC employees shall not, directly or indirectly, ask for, give, receive, or agree to receive any compensation, gift, reward, or gratuity for performing, omitting, or deferring the performance of any job related duties.

ORIGINAL: MARCH 1997

Chapter One General Administration

WIC employees shall not abuse, misuse, or disclose confidential information in a manner that can result in a direct benefit to employee or immediate family member or business associate.

A WIC employee may not supervise another member of the employee's immediate family.

A WIC employee may not certify his/herself, a relative or a close friend.

Note: Failure to comply with the terms of this policy may result in the employee being subject to appropriate disciplinary or corrective action, including dismissal.

NOTE: This policy does not intend to deny any employee opportunities available to all other citizens of the state to acquire private economic or other interests so long as this does not interfere with their WIC duties or disadvantage the WIC Program in any manner. Conflicts of interest are not necessarily unwarranted, unethical or illegal, nor are they always avoidable. Rather, it is the failure to disclose conflicts or potential conflicts to appropriate authorities; to comply with approved conflict of interest policies; to continue to engage in a conflict after disapproval by appropriate authorities; or to further conduct oneself in a manner that unethically hurts, hinders, or disadvantages the WIC Program that must be avoided.

Section E Disaster Plan

Policy

The State Agency will be responsible for the coordination of relief efforts for WIC participants in case of natural disaster and emergencies.

Local Agency will contact the State Agency to report the disaster situation to develop a local WIC disaster plan.

Procedure

The State Agency WIC Vendor Management Team Leader will coordinate with the State of Arizona Division of Emergency Management, Arizona Emergency Operations Center, vendors and volunteer agencies.

Retail System in Place

If the retail purchase system is in place in the disaster area, the Local Agency will do the following:

- Coordinate with volunteer agencies to secure temporary clinic sites, if necessary
- Issue automated food instruments, if available
- Mail food instruments, if postal services are available

Retail System Not in Place

If the retail purchase system is not in place in the disaster area, the State Agency will function in accordance with the State of Arizona Emergency Operations Plan.

Evacuations

Participants will be transferred to the nearest WIC clinic to their evacuation site.

Local agencies will give the evacuees precedence status regarding appointments.

Section F Reporting Theft or Loss of Equipment

Policy

The Local Agency is responsible for the safeguarding of all equipment that is State owned. Loss or theft of any state owned equipment must be reported to the Program Integrity Unit. (See Chapter 17, page 7, regarding procedures for reporting the loss or theft of State owned automation resources.)

Procedure

A Local Agency which experiences a theft of State owned equipment must immediately report it to the police or sheriff's department and obtain a police report. The theft must then be reported to the WIC Program Integrity Special Investigations Supervisor within twenty-four (24) hours of the occurrence. A copy of the police report must be forwarded to Program Integrity as soon as possible.

If State owned equipment is believed to have been misplaced and not stolen, it must also be reported to the WIC Program Integrity Special Investigations Supervisor. Contact with the police at this time is not required. WIC Program Integrity will determine the appropriate follow-up action and notify the local agency.

Section H Definitions

Applicant

Applicant means pregnant women, breastfeeding women, postpartum women, infants, and children who are applying to receive WIC benefits, and the breastfed infants of applicant breastfeeding women.

Applicants include individuals who are currently participating in the program but are re-applying because their certification period is about to expire.

Alien Student

Alien students may not be excluded from WIC participation on the basis of their alien status. Participation in WIC does not impact on aliens who have been granted Lawful Temporary Resident Status (LTRS) or who are applying for such status.

WIC participation, however, may subject student aliens to deportation proceedings if it is found that they have become a "public charge." This is determined and enforced by the Immigration and Naturalization Service (INS). Therefore, if an applicant reveals their citizenship status as student alien, they should be referred to INS for counseling. Assure all applicants that WIC does NOT share citizenship information with anyone.

Children born in the United States to alien student families are U.S. citizens and are entitled to WIC benefits; this will not affect their parents' visas.

Americans with Disabilities Act

The Americans with Disabilities Act of 1990 (ADA), is the Federal law promoting equal opportunities to persons with disabilities, by requiring that barriers to equal access be eliminated.

Authorized Representative

The person, other than the WIC participant, who has the authority to sign for the participants of an economic unit, who is responsible for following the WIC regulations, and may pick up and redeem WIC food instruments for authorized WIC foods.

Avoidance of Conflict of Interest

The primary means by which WIC employees maintain public confidence in the impartiality and objectivity of the WIC Program. Avoiding and preventing situations that can result in or appear to result in conflict of interests minimizes the possibility of conflict of interest.
